DESIRE SETTING GUIDE 2024

LIVE A LIFE OF FULFILLMENT, ABUNDANCE
AND EASE!

Rena M. Orr

A PERSONAL NOTE FROM RENIA

Did you know that only 10% of people know what they really want and only 1% have written it down?

Today I invite you to be in this exclusive 1% group and put your desires and yourself first on your priority list by putting them in writing. When you write things down you increase the possibility of them manifesting by almost 50%.

When you write them down and communicate them to someone else you increase the likelihood by almost 75%!

I've created my LDV ELITE Desire Setting and Manifestation Guide 2023 for you with the intention that this structured process will bring you the things that you have always been longing for. The same way that it has helped all my clients over the years manifest their desires and transform their lives and businesses... oftentimes in a matter of weeks.

This process has also transformed my life!

It helped me when I was struggling financially and emotionally after moving to the US over 19 years ago with my teenage daughter, leaving behind a difficult marriage, false sense of financial stability, and my life's work to transform myself into a successful business owner, finding and marrying the love of my life, overcoming my health challenges.

I'm Renia M. Orr and I'm an international business coach and brand strategist in the luxury market. I help my clients make more money, build highly profitable brands, and live a rewarding and luxurious lifestyle while following their passion.

I'm here to help you do the same.

Every person has a story and I want to hear yours!
